Definition of Terms

- The term **primary prevention** refers to programming, initiatives & strategies intended to stop domestic violence, dating violence, sexual assault or stalking before it occurs to prevent initial perpetration or victimization through the promotion of positive & healthy behaviors and beliefs. Efforts to change behavior & social norms, promote healthy relationships, healthy sexuality & egalitarian gender roles, understanding risk & protective factors for bystander inaction & changing social norms around bystander inaction are all examples of **primary prevention**.
- The term **awareness program** refers to programs, campaigns or initiatives that increase audience knowledge of the issues of sexual assault, domestic violence, dating violence & stalking—and share information & resources to prevent interpersonal violence, promote safety and reduce perpetration. These efforts can include campus community-wide mobilizations, as well as targeted audience-specific programs for both students & employees. Awareness month campaigns, “speak outs”, rallies, marches, poster campaigns & resource websites and educational programming that focus on sharing resources & information about these issues are examples of **awareness programs**.
- The term **risk reduction** refers to approaches that seek to mitigate factors that may increase the likelihood of perpetration, victimization or bystander inaction. Risk reduction focuses on helping individuals & communities address the institutional structures or cultural conditions that facilitate sexual violence, dating violence & stalking to increase safety. Examples of **risk reduction** may include, but are not limited to, general crime prevention education, campus escort programs, programs that educate on how to create individual & community safety plans and strategies, bystander intervention programs that

educate how to recognize & interrupt situations of harm, or implementing a communications system that can notify an entire campus of immediate threats to security.

- The term **ongoing awareness & prevention campaigns** refers to campaigns that are sustained over time focusing on increasing awareness or understanding of topics relevant to sexual assault, dating violence & stalking prevention. These programs will occur at different levels at the school (ie: faculty, incoming students, etc.) & will utilize a range of strategies. Ongoing awareness & prevention campaigns may include information about what constitutes sexual assault, dating violence, intimate partner abuse & stalking, changing social norms, promoting recognition of perpetrator tactics, enhancing understanding of consent & advancing pro-social behaviors of individuals & communities. Effective **ongoing awareness & prevention campaigns** will include developmentally-appropriate content for the specific audience & its knowledge & awareness level—and will provide positive and concrete ways for individuals to get involved.
- The term **bystander intervention** refers to safe & positive options that may be carried out by an individual(s) to prevent harm or intervene in situations of potential harm where there is a risk of domestic violence, dating violence, sexual assault or stalking against a person other than the bystander. Effective **bystander intervention** training prepares participants to recognize situations of potential harm, overcoming barriers to intervening, identifying safe & effective intervention options & taking action.

5. Policy Statement Addressing Voluntary Confidential Reporting

If you are the victim of a crime and do not want to pursue action within the school system or criminal justice system, you may still want to consider making a confidential report. With your permission, the Instructor Supervisor, or her designee, can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the School can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

6. Policy Statement Addressing Limited Voluntary Confidential Reporting

The local Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the local Police Department cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to Instructor Supervisor.

7. Policy Statement Addressing Security and Access

During business hours, the School will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all School facilities is by key, if issued. In the case of periods of extended closing, the School will admit only those with prior written approval to all facilities. This school does not have residence halls. Emergencies may necessitate changes or alterations to any posted schedules. Areas, if any, that are revealed as problematic have security surveys conducted of them & the School Director reviews these results. Security areas examined are landscaping, locks, alarms, lighting and communications.

8. Policy Statement Addressing Campus Law Enforcement Authority

This school does not have Law Enforcement Authority or Arrest Authority

9. Policy Statement Addressing the Encouragement of Accurate and Prompt Crime Reporting

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to the Instructor Supervisor in a timely manner. To report any crime (emergency or non-), security or public safety-related matter on the School campus, call the School Director at 212-779-7800.

10. Policy Statement Addressing Counselors and Confidential Crime Reporting (For Institutions with Confidential Reporting Procedures)

This school does not have professional counselors on staff.

11. Policy Statement Addressing Security Awareness Programs for Students and Employees

During enrollment, students are informed about crime on-campus and in surrounding neighborhoods & the information is touched upon again during Orientation on the first day of school. Similar information is presented to new employees. Crime Prevention and Sexual Assault Prevention dialog & discussion is offered on a continual basis. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their surroundings for their own security and the security of others, especially for our evening class students. When time is of the essence, emergency information is released to the school community through security alerts posted prominently throughout campus, through emails &/or phone texts sent to all students and staff.

12. Policy Statement Addressing Crime Prevention Programs for Students and Employees

Our school does not offer any regular Crime Prevention Programs on campus. To enhance your personal safety, especially for our evening students & staff, walk to your car with friends or someone from class.

13. Policy Statement Addressing Criminal Activity Off-Campus (for institutions whose Police monitor off-campus activity)

Our school does not have an off-campus crime and does not have campus police.

14. Policy Statement Addressing Alcoholic Beverages

The possession, sale or the furnishing of alcohol on the school campus is governed by New Jersey State Law. However, the enforcement of alcohol laws on-campus is the primary responsibility of the NYPD. Christine Valmy International School has been designated “drug free” and consumption of alcohol is not permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under both State and federal laws. Such laws are strictly enforced by Christine Valmy International School through the NYPD. Violators are subject to School disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or

provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of the School's Alcohol Policy for anyone to consume or possess alcohol in any public or private area of campus. Individuals, organizations or groups violating alcohol/substance policies or laws may be subject to sanctions by Christine Valmy International School.

15. Policy Statement Addressing Illegal Drug Possession

Christine Valmy International School has been designated "drug free" and the consumption of alcohol is not permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under both State and federal laws. Such laws are strictly enforced by the NYPD. Violators are subject to disciplinary action, criminal prosecution, fine and imprisonment.

16. Policy Statement Addressing Substance Abuse Education

The School does not have a prevention program other than to refer students and employees to outside help.

17. Policy Statement Addressing Preventing and Responding to Sex Offenses

Christine Valmy International School does not offer a regular program for educating the school community about sexual assaults and date rape. Our School works closely with the NYPD, 13 Precinct: Police Department which will offer sexual assault education information to our students and staff, upon request.

- a. If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The NYPD, 13 Precinct: Police Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a local police officer. Filing a police report with a local officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers.

Filing a police report will:

- i. ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;
 - ii. provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);
 - iii. assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.
- b. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system. Counseling and support services outside Christine Valmy International School can

be obtained through the Rape and Sexual Abuse Center and the Victim Intervention Program of the NYPD, 13 Precinct: Police Department.

- c. On-campus disciplinary action in cases of alleged sexual assault will be based on the findings of the law enforcement agency investigating the facts pertaining to the crime and other mitigating circumstances
- d. These records are available upon request through the administrative offices.
- e. Information for crime victims about disciplinary proceedings. The institution must, upon written request, disclose to the alleged victim of any crime of violence, or a non-forcible sex offense, the results of any disciplinary proceedings conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of the crime or offense, the information shall be provided, upon request to the next of kin of the alleged victim. This provision applies to any disciplinary proceeding conducted by the institution on or after August 14, 2009.
- f. As part of the Crime Control and Law Enforcement Act of 1994, this institution is required to make the following link/information available to the campus community where information can be accessed regarding registered sex offenders. This website is maintained by the NY State Police and can provide you with various search options (geographic, individual name, vehicle registry & advanced) to locate registered sex offenders living or working near our school:
<https://www.criminaljustice.ny.gov/nsor>

18. Policy Statement Addressing Sex Offender Registration (for institutions maintaining a list of registered sex offenders)

Our School does not maintain a listing of registered sex offenders on site.

19. Policy Statement Addressing Sex Offender Registration (for institutions providing an electronic link to registered sex offender information maintained by an outside law enforcement agency)

Please see item 17 (e) above.

Timely Warning

In the event that a situation arises, either on- or off-campus, that, in judgment of the School Director, School Owner or other members of administrative staff present and in charge, constitutes ongoing or continuing threat, a campus-wide “timely warning” will be issued. The notification will include a short description of the crime or incident, giving the time, date & location, reported offense, suspect description and any other pertinent information used to facilitate the crime. The notification will also include personal safety information to aid members of Christine Valmy International School in protecting themselves from becoming victims of a similar crime. The warning will be broadcast through the Instructor Supervisor to all staff members, and each classroom

teacher will, in turn, alert their students upon arrival to school. Depending on the nature of the emergency, a decision will be made to utilize other methods or notification, including posting of red-colored flyers titled “SECURITY ALERT” on all building entrances.

Emergency Evacuation Plan

This school’s campus consists of one building. If an emergency evacuation is required, you will be notified by either your instructor or other school administration members. All affected members of the school will follow the emergency plan posted in the area you are currently located in. On an annual basis, the institution will conduct an emergency evacuation drill. Each classroom has emergency maps posted in the room. Please make yourself familiar with these evacuation procedures.

Students and employees should refer to the following people when reporting or seeking help on a criminal incident. Please note that any emergency that requires immediate attention should not be waited upon to report to the school’s officers, but rather contact the appropriate agency by calling (911).
